ANSON, Chan Kwun Wai

T: 778-322-9314| E: anson932003@gmail.com| in: ansonckw | web: ansonchan.netlify.app/

I am a detailed-oriented web developer with 2 years of experience in front-end website development. I am also a system engineer with expertise in ERP and eCommerce systems, where I have gained experience in gathering user requirements, conducting business specification, ensuring quality assurance, and handling deployment. In addition to my technical skills, I have 2 years of experience as a corporate buyer and seller of consumer electronic products. I possess excellent communication and problem-solving skills, which have earned me company rewards for breaking profit records. I am passionate about creating innovative and user-friendly solutions that meet the needs of both clients and end-users.
